01.7 Outdoors

- All gates and fences are childproof, safe, and secure.
- Areas are checked daily to make sure animal droppings, litter, glass etc. is removed. Staff wear rubber gloves to do this.
- Bushes or overhanging trees are checked to ensure they do not bear poisonous berries.
- Stinging nettles and brambles are removed.
- Wooden equipment is maintained safely, put away daily and not used if broken.
- Wooden equipment is sanded and varnished as required.
- Broken climbing equipment or outdoor toys are removed and reported to the Pre-school Lead.
- Children are always supervised within ratios outside.
- Children are suitably attired for the weather conditions and type of outdoor activities.
- Sun cream (if parents have given permission) is applied and hats are worn during the summer months. Outdoor play is avoided in extreme heat between noon and 3pm.
- Children who have no adequate means of sun protection, such as a hat, long sleeves and trousers or sun cream, will not be able to play outdoors in un-shaded areas.
- Children are supervised on climbing equipment, especially younger children.
- Water play is not left out but is cleared, cleaned and stored after each use.
- Receptacles are left upturned to prevent collection of rainwater, this is important in areas where there are vermin to prevent urine/faeces contaminating the water.
- Sightings of vermin are recorded and reported to the Pre-school Lead who reports to Basildon Environmental Health Department.
- Outdoor areas that have flooded are not used until cleaned down and restored. Grassed areas are not played on for at least one week after the floodwater has gone.
- If paddling pools are used, a risk assessment is conducted, and consideration given to the needs of disabled children or those less ambulant.

Drones

If there are concerns about a ‘drone’ being flown over the outdoor area, that may compromise children’s safety or privacy, the Pre-school Lead will contact the police on 101.

- Children will be bought inside immediately.

- Parents will be informed that a Drone has been spotted flying over the outdoor area and will be advised fully of the actions taken by the setting.
- The police will have their own procedures to follow and will act accordingly.
- If at any point following the incident, photographs taken by a drone emerge on social media that could identify the pre-school or individual children, these are reported to the police.
- A record is completed in the yellow Incidents folder unless there is reason to believe that the incident might have safeguarding implications, for example:
    - the drone has hovered specifically over the outdoor area for any length of time
    - there is a likelihood that images of the children have been recorded
    - is spotted on more than one occasion
    - if the Police believe there is cause for concern

Where this is the case, 06 Safeguarding children, young people and vulnerable adults procedures are followed.
